“MY SSD SUCCESS STORY!”

“Dr. Stewart and his staff have been instrumental in helping me through my fears and anxieties, allowing me to regain control over my oral health. I am overjoyed at the results I’ve achieved with Invisalign! Thanks for all of your patience!” **M.M.**

“From my first to last visit, and even after all of the work was done, Dr. Mandras, or CJ and other staff, called me several times to find out how I was doing. This was a unique experience for me, and I appreciate all of the concern they showed. My bridge work cannot even be detected by family and friends -- looks better than my originals; and my excruciating pain? What pain? Went away, as the Doctors promised -- gone, without a trace!” **M.J.**

AROUND THE OFFICE

Congratulations to Dr. Mandaras!

Dr. Mandaras and his fiancée Erin said “I Do” in Michigan last month. The happy couple honeymooned in Aruba before returning to Maryland. The staff

at **Smile Savers** wishes them the very best in their new life together.

A WORD FROM DR. STEWART

Where Did the Year Go?

Another year is winding down and it feels like I just put the snow shovel away!

We have had a very productive year here at Smile Savers and I am happy to say it is the best year that we have ever had.

We really worked hard in providing great service, communication and technology to give all of you a great dental experience. We have invested in a better website to keep you informed, we have hired talented staff and we also have invested in an amazing dental technology (LANAP) that is revolutionizing the way gum disease is treated. I have strived every year to make dentistry better for all of my patients and I thank all of you for referring new faces into our office. It is a testament that we are offering what is needed and wanted.

I want to wish all of you a warm and joyous holiday season and thank you all for being my patients. It is you who make the difficult job of dentistry fun and I look forward to seeing and taking care of you and all your referrals next year.

Sincerely,
Dr. Stewart

AND THE SMILE SAVERS 2010 GREAT PUMPKIN CARVER AWARD GOES TO...

Office Manager Summer Andrade-Rodriguez

Competition was fierce and smack talk was loud in this year’s office pumpkin carving contest. **Smile Savers** staff offered up both scary and silly pumpkin entries, and even the **Smile Savers**

Dentistry logo was represented in this year’s stiff competition. After a day of voting, the results were tallied and patients chose Office Manager **Summer Andrade-Rodriguez’s** jack o’ lantern (pictured back row, middle) as the 2010 winning entry.

Invisalign - The Clear Alternative to Braces

If you're ready for a smile that truly transforms your appearance, **Invisalign** is your answer. Although there are many choices out there, no other works as effortlessly as the **Invisalign** system. In today's busy and aesthetically-conscious world, many patients prefer **Invisalign's** clear and removable orthodontic solution to traditional brackets and wires. **Invisalign** is the best way to transform your smile without interfering with your day-to-day life! **Invisalign** is effective at treating a wide variety of orthodontic issues including crowding, spacing, overbite, underbite, deep bite and open bite. **Invisalign Teen** uses the same **Invisalign** technology as adult aligners but because teens (and their mouths) are constantly on the move, there are a few special features. Call for your free **Invisalign** consultation today.
